COMMENTS FROM THE OFFICE

OF THE TOWN MANAGER

Dogs became a major problem

again the first of this week by gather-

ing in a pack and roaming the

streets. There were several calls to

the Town Office in reference to them.

No only were they a general nuisance

but posed a danger to anyone

on the streets by fighting among

themselves and exposing a pedestrian

to the danger of being scratched

and unintentionally bitten. One

report from the schools was that a

student suffered a bite in this manner.

As the law is now, there is very

little any law officer can do except

take the animals home unless a person

is attacked and wishes to go to the

District Court to sign a complaint.

It does no good to return the dog

to the owner if the animal is not

restrained from again roaming the

streets. We can do nothing to

force the owner to do this.

It has been obvious most of the

owners have made an effort the last

few days to keep their pets home

as there have not been as many

roaming dogs. This I feel sure is only

a temporary relief. The only per-

manent solution will be an ordinance

to govern the situation.

On Monday, May 18, a pack of

dogs were roaming the area between

been seriously hurt.

School authorities would appreciate

it if dog owners would please keep

their dogs at home at this time of

S. A. D. 44 DIRECTORS ACCEPT

RESIGNATIONS—APPROVE

PERSONNEL MONDAY EVENING

The board of directors of S.A.D. 44

met at the Andover Elementary

School on Monday evening of this

week.

The board accepted the following

resignations: Mrs. Karen Andrews,

grade 3, Woodstock; Mrs. Sandra

Keegan, grade 1, Locke Mills; Mrs.

Linda Davis, grade 5, Crescent Park

School, and Alton Howe, custodian-

bus driver, effective May 11.

The directors approved a fringe

benefit program and wage schedule

for secretaries and teacher aides,

with the exception of an emergency

leave provision that is to be further

clarified.

Edie Snyder of Andover, reporting

for the negotiating committee, stated

that 18 employers in the District

had been surveyed as to wage and

fringe benefit schedules. Mr. Snyder

stated that comparisons be-

tween jobs being performed in the

industries were difficult because of

the many variables involved.

It evidently was the feeling of

the board that a majority of the bene-

fits for non-teaching personnel (ex-

clusive of secretaries, etc.) would

be acceptable but a request was

made for a breakdown of the present

and future cost of the total

package. These figures are sched-

uled to be presented at the next

board meeting.

Following a report by Milton Mills

building committee chairman, the

board voted to proceed with plans

for construction of a 40x50 foot bus

and equipment garage, in order that

state aid may be received for the

project.

Parker Allen, member of the cur-

riculum committee, reported that a

very satisfactory meeting had been

held with teachers of grades 4 to 6.

Robert Davis of Newry reported

that 100 trees Norway pine had

been planted along a property line

at the R. C. Porter School. Because

the property line was close to a road

and on adjacent property, the trees

were planted about two feet inside

the school premises.

The board approved the installa-

tion of a soft drink machine at Tel-

star Regional High School. The ma-

chine is to be installed in the

cafeteria and will be used only after

school and during evening functions.

The board approved the following:

Letters to the Editor

Editor, Oxford County Citizen
Bethel, Maine

As a former resident of Bethel and a member of the silent majority, I'd like to join the protesters and protest the letter in the "Citizen" from Stephen Trimward (May 14th).

If living in a Democracy gives students such as Stephen the right to "put academics at a standstill" so they can put their efforts into pushing for the passage of Goodell Amendment 1117123 which would cut off funds for military action in Viet Nam, why should they begrudge other students their right to make their own decisions.

In the name of this Democracy why should students such as Stephen label "grade grubbers" those students who choose to stay in college and study. If he feels he should have the freedom to do as his conscience dictates then why don't they have the same freedom to do what they feel is right without disparaging labels?

Let's have Peace if possible but mutual understanding at all costs.
